

MOBRA Meeting Minutes

8 PM – October 13, 2014

LA Summit Recap

Sean attended. New for 2015: Member loyalty program (point system for discounts for those who renew year after year); Multi-year license option will be available at current year's amount; Wrap-around license for new members (Sept-next year for new members). Not a huge discussion about the increase in one-days. Considering TT as its own segment/type of racing to open up cross marketing to Tri-athletes. Official's assignment tool will not be mandatory. Upcoming rebates back to the LA will be based on racers day instead of number of licenses.

Expectations for spending the LA Rebate? There were a number of ideas, which will be compiled and sent back out to LA's.

Jerry is going (instead of Mike) to the Race Director's Summit in Bend, OR. We will hear about this meeting next month.

Board Elections

The four former board members up for re-election were unanimously re-elected. The configuration of the board will be unchanged for 2015.

Calendar

2015 Calendar approved unanimously.

The applications are due November 30 in order to be considered for a championship.
